Dear Parent/Carer

**Re: Year 11 Easter Revision Classes**

**Easter Revision Sessions**

In order to provide as much support as possible to our Year 11 students, we are pleased to inform you that we are offering revision sessions in a number of subjects throughout the Easter break. In addition to the lunch-time and after school classes which are taking place, the Easter revision sessions also present additional learning time for our children. It is highly recommended that your child attends as many session(s) that they can.

**Please note: the revision sessions are free of charge.**

Onsite revision sessions are scheduled from 9:30am - 12:00pm and 12:30pm - 3:00pm. If students are attending a session, they will need to be punctual and registered onsite at the beginning of each session. If arriving by bicycle, these must be locked up in the bicycle shed which will be open from 9:15am – 9:30am; 12:00pm – 12:30pm and 3:00pm.

Unfortunately, there will be no lunch facilities available, so if students are attending both morning and afternoon sessions, they must provide their own lunch and drinks. Students are not expected to wear school uniform.

In addition to onsite learning, some staff have offered TEAMS sessions to be run virtually. The times for these sessions may vary from those offered onsite at the Academy – all information is documented on the timetable attached. Please note: **Friday 15 April 2022 is a Bank Holiday so the Academy will not be open.**

In order to book on to the sessions, please use the following link to access a Microsoft Form document to fill in:

[Click here to complete form](#)

The above link details all of the sessions on offer. All you need to do is liaise with your child and select the sessions which your child will be attending. Please remember to print or download the revision session choices that have been made for future reference.

TEAMS meetings for virtual revision sessions will be scheduled in the Year 11 TEAMS facility; each session will be listed as a separate meeting and students will be able to log in to those sessions online.

It is essential you contact the Academy on the main telephone number, 01472 500505, if your child is unable to attend any of the onsite revision sessions they have signed up for.

We hope that your child will choose to make full use of these additional revision sessions to supplement the work they are completing in the Academy and at home.

Yours faithfully

Mrs J C Creese  
Vice Principal  
Enc

Miss V J Watts  
Interim Principal

**Year 11 - Easter Holiday Revision Sessions 2022**
